Professional Summary

Results-driven iOS Developer with **3.5+ years of experience** building high-performance, reusable, and reliable iOS applications for iPhone, iPad, and macOS. Proven track record with **10+ published apps on the App Store**, including real-time video/audio communication, community engagement features, and commerce-driven applications. Proficient in **Swift**, **SwiftUI**, and **UIKit** with strong command of **RESTful APIs**, **Core Animation**, **Core Data**, **Git**, and **third-party SDK integration**. Experienced in **Agile** environments, push notifications, and performance optimization, passionate about crafting seamless, user-centric mobile experiences.

Technical Skills

Languages	Swift, Objective-C (Basic), Dart (Basic)
iOS Frameworks	UIKit, SwiftUI, SpriteKit, Core Data, Core Animation, Core Graphics
Architecture	MVC, MVVM
APIs & Networking	RESTful APIs, Socket.io, Firebase (Firestore, Realtime DB, Remote Config)
Video & Realtime	Agora SDK (Video/Audio Calling), Socket.io (Real-Time Chat)
Payments	StoreKit, RevenueCat, Razorpay
Third-Party SDKs	Google ML Kit, MediaPipe, OpenCV, Unity, Mapbox, Google Ads
Push Notifications	Firebase Cloud Messaging (FCM), APNs
Analytics & Tools	Microsoft Clarity, AppMetrica, TikTok SDK, Xcode Instruments
Cloud & DevOps	iCloud Sync, Git, Agile / Scrum

Work Experience

Let's Nurture Infotech Pvt. Ltd.

Ahmedabad, Gujarat, India

Junior iOS Developer

June 2022 – October 2023

- Developed and maintained iOS applications using **Swift**, **UIKit**, and modern iOS development practices.
- Led end-to-end development of **Driver and Customer applications** for a ride-hailing platform with focus on performance and user experience.
- Integrated **Mapbox** for real-time navigation, location tracking, and route management.
- Worked with **Firestore** and **RESTful APIs** for real-time data communication.
- Implemented background location tracking, app lifecycle handling, and offline data management using **Core Data**.
- Collaborated with backend and design teams in an **Agile** environment to deliver production-ready applications.

Vasundhara Infotech LLP

Surat, India

Senior iOS Developer

October 2023 – November 2024

- Worked on multiple **product-based iOS applications** with focus on performance, scalability, and user experience.
- Developed applications using **Swift**, **UIKit**, **SwiftUI**, and modern iOS frameworks.
- Integrated **Firebase Cloud Messaging (FCM)**, push notifications, and analytics solutions including **AppMetrica** and **Microsoft Clarity**.
- Implemented **in-app purchases and subscriptions** using **StoreKit** and **RevenueCat**.
- Led development of **Tagofy**, a custom camera application with Photo, Video, QR Code, and Timelapse features using **Core Graphics** and **Core Animation**.
- Integrated **Google Ads** for monetization and optimized application performance using **Xcode Instruments**.

StudioKrew

New Delhi, India

Team Lead & Senior iOS Developer

January 2025 – April 2026

- Led iOS development activities including **architecture decisions**, code reviews, task planning, and mentoring junior developers.
- Architected and maintained the **HealthSy healthcare ecosystem** across user, doctor, pharmacy, and delivery partner applications.
- Built production-ready applications using **SwiftUI**, **UIKit**, and **MVVM architecture**.
- Integrated real-time communication features using **Agora SDK** for video/audio consultations and **Socket.io** for chat functionality.
- Implemented payment systems, appointment booking, notifications, analytics, and third-party SDK integrations.

- Developed AI and computer vision features using **Google ML Kit**, **MediaPipe**, and **OpenCV**.
- Worked on gesture recognition, body tracking, ArUco marker detection, and Unity-based interactive experiences.

Vasundhara Infotech LLP

Surat, India

iOS Developer & AI Engineer

June 2026 – Present

- Working on innovative **product-based applications** combining iOS development with Artificial Intelligence solutions.
- Developing products like **Live AR Area Measurement** using **ARKit**, computer vision, and advanced iOS frameworks.
- Building AI-powered mobile experiences using **Core ML**, machine learning models, and intelligent automation.
- Implementing AR features including real-world measurement, spatial understanding, and object detection.
- Working with **Swift**, **SwiftUI**, **UIKit**, **ARKit**, and AI technologies to create scalable solutions.
- Researching and integrating AI models to improve product capabilities and enhance user experiences.

Education

Sikkim Manipal University (Online)

India

Master of Computer Applications (MCA) — Pursuing

January 2026 – Present

Sardar Patel University

Anand, Gujarat, India

Bachelor of Computer Applications (BCA)

2022

- Aggregate Percentage: **80%**
